

CRED SPECIAL LECTURES

***CENTER FOR RESEARCH AND EDUCATION
ON DRUG DISCOVERY***

June 29th (Sat.) 17:30 -

Lecture Room 2, Faculty of Pharmaceutical Sciences

PROF. JUHA HUISKONEN

DIRECTOR INSTITUTE
OF BIOTECHNOLOGY
HELSINKI INSTITUTE
OF LIFE

PROF. HAL DRAKESMITH

IRON BIOLOGY | MRC
INVESTIGATOR

MRC WEATHERALL
INSTITUTE OF
MOLECULAR MEDICINE
UNIVERSITY OF
OXFORD

***“Capturing cellular
macromolecular
complexes in the act”***

***“How iron controls
responses to vaccines
and viral infections”***

Co-hosted by
Center for Research and Education
on Drug Discovery / Industry-Academia Life
Innovation Center /
The ITO Foundation for the Promotion of Medical
Sciences /
AMED Basis for Supporting Innovative Drug
Discovery and Life Science Research /
Japan Initiative for World-leading Vaccine Research
and Development Centers /
Transformation Research Area(A) “Biophysical
Chemistry for Material Symbiosis
